

FUSHENG

A & D-SERIES SINGLE STAGE RECIPROCATING AIR COMPRESSORS

Fusheng Industrial Co. Ltd. was established in Taiwan more than 50 years ago and has grown to become one of the world's largest air compressor manufacturers.

First introduced to Australia in 1980, Fusheng's A & D - Series air compressors have since earned a reputation for outstanding performance and reliability. They can be purchased either separately as bare pumps (pictured) or as an integral part of premium quality air compressor sets.

Sales, service and genuine spare parts are readily available from an Australia wide network of Fusheng dealers

STANDARD FEATURES

- > Heavy duty, low rotational speed industrial design.
- > Precision machined cast iron crankcase and cylinders.
- > Cast iron cylinder heads with rugged poppet valves (A-Series).
- > Aluminium alloy cylinder heads with efficient reed valves (D-Series).
- > Forged alloy steel crankshaft with rolling element main bearings.
- > Oversized crankcase oil reservoir with oil level sight glass.
- > Long life compression and oil control piston rings.
- > Deep directional cooling fins with streamlined air passages.
- > Built-in head unloaders with interconnecting pipes (A-Series).
- > Noise suppressed air intakes with replaceable filter elements.
- > V-Belt drive compatible with electric, petrol and diesel motors.
- > Manufactured to stringent ISO 9001 quality standards.

Oversize pulleys are available as an option for models VA/TA-100 and TA-120 to enable their use with high speed motors.

WARRANTY

Fusheng air compressors are warranted against faulty materials and workmanship for 12 months from the date of purchase. Freight charges to and from the warranty service centre, fair wear and tear, operating consumables, accidental damage, misuse or neglect, unauthorized alterations or repairs, non-genuine spare parts, and any other loss or consequential damage are specifically excluded.

BUYER'S GUIDE

Avoid poor quality unbranded products by always checking for the Fusheng logo and model number that are cast into the crankcase of every genuine Fusheng A or D - Series air compressor.
